

Red Barn B & B

Fall in love...

with the North Fork at Red Barn B&B.

The sweet country charm of this lovingly restored historic farmhouse brings guests back again and again.

Surrounded by vineyards and farms, we are just one mile from the beaches on the Long Island Sound and two miles from the pristine Peconic Bay. Best of all, wineries are so nearby, you can walk.

The Red Barn B&B offers 3 guest bedrooms, including a Suite that accommodates 4 people in 2 adjoining bedrooms. All have private baths. Our B&B is a restored 1877 farm house once owned by Lemuel Beecher Hallock, grandson of one of the originating farm families on the North Fork. Our acreage has some of the original out-buildings and one of the most picturesque barns in the area.

Remember the *Simple Pleasures*?

Relaxing in a hammock under a shady maple tree, lawn games, wrap around porches, gazing at the stars, walks down a country lane. Here, you'll enjoy a vacation that evokes a simpler time and place.

Our guests are treated to a three-course breakfast featuring the best of seasonal and local ingredients. Antiques and country farmhouse ambience harken to a time gone by, without foregoing the convenience of private baths, central air and wireless internet.

Special Features

After a full day of wine-tasting, antiquing, etc., our outdoor hot-tub is just the ticket. Lie back and let the whirlpool swirl away your cares.

Star gazing with Jim (Telescope Guy) is a real treat. He'll show you the hidden splendors of the night sky.

Ask about gift certificates and special occasion packages.
